

Interested in Scales and Weights?

The International Society of Antique Scale Collectors (Europe), known as ISASC(E), is dedicated to collecting, preserving and researching these items, a few of which are illustrated below.

The Society's members range from those who simply enjoy collecting items of beautiful construction to those who like to research into the origins and functions of these intriguing devices. Our quarterly journal *Equilibrium* covers an international range of topics and contains articles illustrated in colour. We also produce a quarterly Newsletter, *Fulcrum*, specifically for ISASC(E) members. Copies of recent issues can be seen on our website:

www.isasce.com

The Society holds regular meetings where members buy and sell, arrange displays of rare and unusual items, and give illustrated presentations based on items in their collections.

The annual subscription for new members is £30, for which you will receive the four issues of both *Equilibrium* and *Fulcrum* for the current year, and other literature about the Society and its members. For further information please contact Michael Robinson, 11 Bishopfield Court, Derby Place, Hoole Village, CHESTER CH2 3PE, 07951 726 419.
